FSSAI for Nutritional and Safe Food

Food Safety and Standards Authority of India (FSSAI) has developed science-based standards for various categories of food products to ensure availability of safe and wholesome food in the country.

FSSAI has introduced '+F Logo' for fortified foods.

To promote awareness among consumers on Nutrition, mandatory labelling requirements for pre-packaged foods, is prescribed. FSSAI has also undertaken ‘Safe and Nutritious Food (SNF)’ initiative to promote awareness towards consumption of safe and nutritious food.
