INSPIRE

Innovation in Science Pursuit for Inspired Research (INSPIRE) is sponsored and managed by Ministry of Science & Technology.

The basic objective of INSPIRE is to attract young talents to the study of science and build the required critical human resource pool for strengthening R & D base. The programme does not conduct any competitive exams for identification of talent at any level. It relies on the existing educational structure for identification of talent.

The programme has three components:

- Scheme for Early Attraction of Talent- (SEATS)
- Scholarship for Higher Education- (SHE)
- Assured Opportunity for Research Careers - (AORC)
