National Logistics Plan

Recently Union government has introduced an ambitious national logistics plan to allow seamless movement of inputs and finished goods across the country.

- By this government aims to come out with the most cost-effective method to transport goods till 2035 to provide a competitive edge to the Indian industry.
- Logistics division in the commerce department is in talks with logistics providing ministries of railways, roadways, shipping, inland waterways and civil aviation besides the logistics using ministries including food processing, coal and mines to chalk out the plan.
- The logistics division has created a National Logistics Information Portal, which will also be an online logistics marketplace.
